About our SHRM Chapter

The San Joaquin Society for Human Resource Management (SJSHRM) is committed to advancing the development of the human resources profession and serving the human resource professional in our community.

We believe in creating a professional, dedicated, caring, and service-oriented culture through values that support our community.

For 43 years, human resource professionals from across our region have gathered to learn and to discuss critical issues of concern for California employment and business. In these challenging times of legislative volatility in California, SJSHRM is dedicated to bringing our region's business and HR professionals the most comprehensive and current content available from expert sources.

Our events, web services, and education offerings bring acclaimed employment law attorneys, national speakers and SHRM experts to the podium delivering powerful and impactful presentations on ever changing employment laws and legislative issues, as well as the role of HR practitioners and business leaders in these unique times.

Our educational seminars, webinars and workshops focus on human resource competencies and management issues critical to business success.

Our association meetings are held at the beautiful Brookside Country Club conveniently located off Interstate 5 in Stockton, and we offer virtual education, seminars, and certification courses for those members and business professionals in more remote areas of our region

Who are SJ SHRM Members?

60% of San Joaquin SHRM members are managers or directors – the decision makers and influencers for their organization.

Meet With HR Decision Makers

The SJ SHRM Annual HR conference has an expected attendance of close to 200 HR professionals. Your sponsorship of the 2020 SJ SHRM HR Conference will help your brand and your company expand its influence and business opportunities. We drive attendee traffic to your space, between sessions, as well as before and after the event, during breaks and lunch by using a prize drawing opportunity. Sponsors have the option of conducting their own drawings at the end of the event as well.
